When in late spring the snow-capped mountains surrounding Lech are all that are left to remind us of winter, and when the Alpine meadows begin to bloom, this fascinating landscape becomes an Eldorado for classic car enthusiasts. 14th lech peak triathlon

16.07.2011, 10:00 a.m., Rüfiplatz Lech

The Lech Peak Triathlon, which is now in its 14th year, has long become a classic favourite among triathlon fans. Apart from 14 km mountain biking and 10 km running, the icy water in the mountain lakes around Lech is too cold to expect athletes to take part in a customary swimming session. So instead, the challenge is to demonstrate skill and speed while paddling on the "Spullersee" at an altitude of close on 2,000 meters.

4th lech musicians' day

06.08.2011, 11:00 a.m., Rüfiplatz Lech

Music, singing and laughter will fill the cosy parlours in and around Lech. With their melodies, the folk musicians, singers and dancers will transform the whole of Lech into a unique, giant concert stage. Music is played in cabins, rustic meadows and in friendly restaurants. Local homestyle meals will be served to complement the traditional music. In the evening, the groups will meet for a joint concert and dance in the Postgarage Lech.
